

DIVISION OF SCIENCE & MATHEMATICS

The Division of Science and Mathematics, located in Sullivan Hall, offers associate degrees (AS) that prepare graduates for transfer as juniors into bachelor's degree programs at universities.

Brenna House, a life science major from Rattan, was named the 2016 Outstanding Science & Mathematics Division Graduate. Division Dean Margaret Sorrell presented the award during Eastern's commencement ceremony.

DIVISION OF SCIENCE AND MATHEMATICS

Life Science (A.S.)

The A.S. in Life Science is designed to outline the freshman–sophomore years of study for students who plan to transfer to universities in a variety of programs in the life sciences. The major offers several advising tracks for students:

- Biology, Environmental Science
- Pre–Professional (Medical, Dental, Nursing, Veterinary Medicine, Pharmacy, Physical Therapy, etc.)

The Pre–professional studies track is actually more of an advising track than a major. At the university–level, pre–professional students normally choose a specific major such as biology or chemistry. Students planning to seek certification as secondary school science teachers should take SPAN 1115 in the General Education Elective category. He or she should then take SPAN 1215 as an additional elective beyond the required hours for the A.S. degree.
